

Sofia, Bulgaria, December 2017

Dear Colleagues,

With regard to the Bulgarian Presidency of the Council of the European Union and on behalf of the Ministry of Youth and Sports, in collaboration with the Anti-doping Centre, I am pleased to invite you to participate at the Seminar 'Preventing doping in professional and grassroots sport through education and investigation', co-funded by the Erasmus+ Programme of the European Union, which will take place on 24th and 25th January 2018 in Sofia, Bulgaria.

The aim of the seminar is to share good practices of EU Member States on deterring doping in sport through education and investigation and to exchange experience about the dissemination of knowledge concerning social, ethical, legal and health consequences of doping use. The seminar will contribute to the increased understanding of the variety of doping prevention modes and to the promotion of fairness and protection of athletes' health.

The expertise and experience of every Member State will be an excellent addition to our program and I would be delighted to have you present at the seminar.

In the enclosure you can find draft agenda of the seminar, practical information and registration form. The Presidency will cover the accommodation costs of one expert from country (non-government).

I look forward to welcoming you in Sofia.

Yours sincerely,

Viktoria Slavkova
Future Chair of the Working Party on Sport
Bulgarian Ministry of Youth and Sports
